ONLINE LEARNING WITH HANDS-ON EXPERIENCE
In addition to its campus locations, OSU also has the No.4 ranked Ecampus program* which is anything but one-dimensional. Engage in career-making internships. Gain expertise from faculty and field studies from where you choose to learn.

"Studying from India was a little challenging, but also really fun, mainly because the faculty did a great job of making themselves accessible. My professors made that extra effort to actually give real-world experiences."

Patric, India
BS in Business Administration

LAND, SEA, SPACE AND SUN GRANT
As a leader in climate change research, OSU is one of only 3 [alongside Penn State and University of Hawaii] US universities to have Land, Sea, Space, Sun grant designations. This means OSU is involved with research in all four areas.

*U.S. News & World Report 2021
Your Path Starts HERE

“One of my favorite classes was BA160, which is required for all business students. What’s so fun about that class is that you get to start an actual company during the school year and you have to meet the profit goal at the end of the term.”

Doris, Taiwan
BS in Merchandising Management
Student Teaching Assistant at OSU and intern with D.A. Consortium Inc.

“I did my first MECOP internship at Siltronic AG, a silicon wafer manufacturing company located in Portland, Oregon. And I worked as a process engineer intern at an engineering department focused on wafer slicing processing for six months. I did my second internship at Element Six. They are a lab-grown diamond manufacturing company. I was assigned as a process engineering intern. This time, I was able to explore different aspects of engineering, and the projects were related to various fields in engineering.”

Shinyoung, Korea
BS in Chemical Engineering
MECOP Intern, Class of 2021

Your Future is OUT THERE

“The best thing I experienced at Oregon State University that I am able to apply in my work, was the practical knowledge and exposure to projects earlier in my studies. The very first term at Oregon State University, I studied a subject called design for safety. And in that, and in that very first course, I was introduced to a lot of practical knowledge.”

Amit, India
MEng in Civil Engineering, Class of 2019
Field Engineer at Turner Construction - Salem, OR

THE INTO OSU ADVANTAGE

INTO OSU is one of the oldest and most integrated Pathway programs in the US. OSU’s commitment to international education is evident in the purpose-built, five-story International Living-Learning Center. The center is a vibrant global hub of student life and educational activity which also houses the INTO OSU Center.

INTO OSU provides services such as:
- Personalized academic, language and cultural support
- Targeted tutoring and self-study learning support resources
- Your own academic success and personal advisor
- Comprehensive orientation with free airport pickup
- English Conversation Partner Program
- Social events and trips around Oregon
- 100+ INTO OSU and OSU staff and teachers to support students

Living in the heart of Beaver Nation
Living on campus places you steps away from all the resources you need to succeed in your first year and beyond. You’ll have the most convenient access to your classes, the library, dining halls and the recreation center, while living among American students in a diverse and welcoming community.

Living-Learning Communities
Living-Learning Communities (LLCs) are academic programs that partner with residential communities on campus. In addition to living among students in the same major, college, academic focus or program, we hold events in your community that are related to your area of interest. Living in an LLC is a great way to create strong connections with other students and to build relationships with faculty and advisers in your program.

*Students more than one year past high school graduation are not required to live on campus.

LEARN MORE ABOUT OUR HOUSING OPTIONS:
https://into.osu.oregonstate.edu/student-services/housing-arrivals

LEARN PLAN: All on-campus housing options include a meal plan.

Live-on Requirement: All first-year undergraduate students who enroll at OSU within one year of high school graduation must live on campus. Students more than one year past high school graduation are not required to live on campus.

For more information on this policy, including available exemptions, visit studentlife.oregonstate.edu/first-year-experience/live-policy

Students not required to live on-campus may choose to do so, but should carefully review contract length and cancellation policies.

Bedroom Types

Single Room
1 student per bedroom

Double Room
2 students per bedroom

Triple Room
3 students per bedroom

Bathroom Types

Private
Bathroom for 1 bedroom (1-2 people)

Suite-style
Bathroom for 2-3 bedrooms (2-6 people)

Shared
Bathroom for multiple bedrooms

Note: The floor plans and bathroom types may vary.
PARTICIPATED in student organizations and became Vice President of OSU’s Indonesian Student Association (PERMIAS).

It pays to be an OSU graduate. OSU alumni who graduated with a bachelor’s degree are in the top 15% best paid graduates in the US. Hispanic College Salary Report 2019

GET READY FOR YOUR FUTURE

The top three attributes employers are seeking from recent graduates are:
1. Communication skills (written)
2. Problem-solving skills
3. Ability to work in a team

Gain these soft skills in all 170 majors, including public health, business and computer science.

INTERNSHIPS DRIVEN BY INDUSTRY

OSU offers several support services to find internship placements, including MECOP, which is unique to Oregon. With over 130 different companies participating in the program, MECOP places students in paid internships in the fields of engineering, tech and business with top companies like Boeing, Intel, HP and Oracle.

JOBS ON CAMPUS

There are many opportunities for OSU students, with a minimum of 5,000 jobs available daily on the career center portal. International students are eligible to work on campus for up to 20 hours a week, earning an estimated $8,100 to help offset your educational costs.

*National Association of Colleges and Employers 2019

For more than 150 years, OSU students, alumni and faculty have made outstanding achievements, including developing the artificial heart valve, TRIGA Reactor and wristband samplers that detect environmental chemicals.

The contact lens is a hypothetical application of a transparent sensor developed at OSU. The goal is to expand contact lens sensors to a range of tear fluid biomarkers, which can be used to identify a range of ocular disorders (dry eye disease, diabetic retinopathy, glaucoma, etc.), cancers (colon, prostate, breast, lung, etc.), multiple sclerosis and many other diseases.

Imagine if robots had legs and could walk on the same terrain as people. Agility Robotics, a company first developed at OSU, is making robotic mobility a reality. Advanced mobility could change the future by enabling shipping to be more automated and opening up new possibilities in manufacturing and production.

First-year business students and their business teammates get to run their own micro business with real money, real profits, real goods and services. Through this interactive experience, you will gain competitive skills, giving you an edge when applying to internships and jobs after graduation.

The College of Business Research Suite is outfitted with cutting-edge technology, space and design to conduct innovative research in business, market trends and consumer insights. Apply your research through entrepreneurship programs and access the C2C Marketing Lab. Students can also participate in the Advantage Accelerator, a unique program designed to assist startups in all stages of their growth. You will work directly with innovators and entrepreneurs to explore markets, develop products and obtain customers.

When I was at Oregon State University, I was working at the service desk doing IT support. My goal is to get an IT job in Silicon Valley. So, I worked on building my skill, building my management skill and building my leadership skill. Eventually, IT Support led me into the job I’m working right now as an IT resident at Google, which is a similar position.

FACULTY SPOTLIGHT: PEDRO LOMÓNACO

“Local research with global outcomes” The advantage of our discipline in coastal engineering is that the physics of ocean processes can be studied here, but applied elsewhere in the world. The research we do could be a model to show what is going on off the coast in Hong Kong or in Angola, for example. There is no difference in the physics, so the process that we study gives us the opportunity to work with anyone in the world.”

**UNDERGRADUATE ADMISIONS**

We offer several routes to admission. With more than 200 bachelor’s degrees, flexible study plans and start dates throughout the year, we will help you find the option that is right for you.

There is no need to stress about where you start; just focus on where you’re going. We don’t design our programs for one type of student; our programs are built for everyone, where you begin depends on your grades and English level. Where you end up is where you want to be: graduating with a bachelor’s degree from Oregon State University.

→ International Direct (ID): International Direct is designed to give international students who are independent and fully qualified comprehensive support during their first year on campus. International Direct students are issued a direct I-20 and receive other support services once in the US including: individualized advising and guided registration, personalized study plans, term-long orientation and academic support resources. For more information, visit admissions.oregonstate.edu/international/programs/undergraduate-degree-programs/first-year-freshman

→ International Year One (IOY): International Year One allows you to begin earning credits toward your degree even if you do not meet the academic and English requirements for International Direct. You will receive additional academic, English language and cultural support to help you successfully complete your first year and graduate in the same amount of time as International Direct students. For more information, visit www.intostudy.com/osu/programs

→ Academic English Language Program: If you do not meet the International Direct or International Year One entry language requirements, you can enter our Academic English program to improve your academic and language skills. Once you have achieved the required language level, you can progress to International Year One or enter your degree program directly. Learn more on page 18

**Honors College**

The Honors College is a small degree-granting college at Oregon State University. There are approximately 1,600 students enrolled working toward Honors Baccalaureate degree in their academic major. The HC offers small classes, a residence hall option, student learning centers and personal advising with the research and involvement opportunities of OSU.

www.oregonstate.edu
Have you earned credits from another college or university? You can transfer directly into Oregon State University or choose our Undergraduate Transfer Program (UTP), which is specifically designed to support international students through the process of transferring.

Why Choose UTP?
Choosing UTP provides a customized path to your bachelor’s degree. Before your program starts, Oregon State University will provide you with an estimate of credits that will transfer to the university. Once you arrive on campus, our friendly staff will be available to help you transition into life at a US university. You will also have access to helpful resources, including academic, English language, and cultural support. If you do not meet the English language entry requirements for the UTP, you can enter our Academic English Program before progressing to either the UTP or direct transfer to Oregon State University.

UTP Benefits:
• Transfer of credits from your college or university-level classes
• Receive customized curriculum of university credit-bearing courses
• Guaranteed progression to any undergraduate program upon successful completion of your UTP
• Academic advising throughout the program, including progression and student success advisors

GRADUATE ADMISSIONS

Oregon State University offers more than 100 graduate programs, many of which are ranked among the top in the nation. There are several different paths to begin earning your degree.

How do you start your program depends on your academic profile and English level. How you finish your program is exactly how you pictured graduating with a master’s or PhD from OSU.

→ Direct Entry: If you meet the academic and English language requirements for your degree program, you can apply directly to OSU.

To apply, you may need the following required documents: declaration, university transcript, proof of degree, accounting of time, passport and English test score. An application fee may also apply.

The graduate admissions process is competitive, and an extensive review of your application will be done. Please expect a longer turnaround for an admissions decision. For more information, visit gradschool.oregonstate.edu/admissions/after-you-apply

→ Master’s International Direct: Our Master’s International Direct route gives you direct access into your degree program with additional support in the first term. The admissions process is non-competitive, has no application fees and does not require additional test scores. More information on the following pages.

→ Graduate Pathway: Our Graduate Pathways allow you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. The program will help build the academic foundation and essential English language skills you need to succeed in your master’s degree. View program-specific entry requirements at www.intostudy.com/osu/programs.

→ Academic English Language Program: If you do not meet the direct or Graduate Pathway program entry language requirements, you can enter our Academic English Program to improve your academic and language skills.

Once you have achieved the required language level, you can progress to a Graduate Pathway program or enter your degree program directly. Learn more on page 1B.

International Academic Advising

From the day you confirm, your advisors will support you with early registration, making sure you have access to the course options to achieve your personal goals. They will work closely with you throughout your first term to help you adapt to a new educational environment and keep you on track for an on-time graduation.

Comprehensive International Support

From your first day, we provide pre-arrival advice, arrival support and acclimation orientations after arrival. Once you’re on campus, the support doesn’t end. You will have access to cultural assistance and community-building experiences to help you integrate on campus and build connections with friends and faculty.

*The biotech instrument that our company provides services for is mainly for DNA analysis, or virus RNA detection. During the COVID pandemic, many labs experienced a shortage of human resources and a COVID detection analyzer, the real-time PCR machine. Our company not only provides the machine from refurbishment, but also provides the method of automating the testing process, so that the labs could achieve more sample for testing with less medical technicians to operate the process.*

AHN TING, TAIWAN, MSc in Electrical and Computer Engineering

*"I joined Oregon State University, which was a good decision in my life. As an international student, it is difficult to come to a new country and a new educational system. My advisors helped me out quite a lot to understand how this system works. OSU helped me with preparing my mindset for what grad school is like and also helped me to meet with a lot of professors.*

AKSHAY, INDIA

MEng in Civil Engineering

Structural Engineer of Lewis and Van Vleet, Inc.

[Sample MID First Term] Master’s International Direct in Bioengineering

**Terms**

1-Term MID
Fall: September 12, 2022

**First Term Components**

45 credit hour program

**Program Information**

Entry Requirements

- 30-credit GPA in undergraduate degree in relevant discipline

Additional Entry Requirements

- 2 GPA in 1 year of college-level Math
- Language Requirement
- TOEFL: 80 (18 subscores)
- IELTS: 6.5 (5.5 subscores)

**Terms**

1-Term MID

Course Title

Building Strategies for Grad Success

ECE 561

Modeling of Physiological Systems

ENGR 120

Department student review for selected course X

Credit Hours

4

**Note**: Entry requirements are subject to change and may vary by program. Consult your Academic Advisor for more details.
Entry and progression requirements are subject to change and may vary by program.

*Departments may be looking for specific prerequisite courses in determining relevant undergraduate degree for admissibility to the Graduate Pathway Program.

**For English Language tests subscores, please see entry requirements table on page 13.

---

### Graduate Pathway Programs

*Estimated credits remaining after Pathway/Total credit hours needed to complete degree.

**Oregon State University students and professors conducting climate change research in the Cascade Mountains, Mount Hood, Oregon.**
Our Academic English program prepares you for a university degree by improving your English language skills and providing you with the academic tools you need to succeed. Students like you will learn English in and out the classroom and you will be taught by our qualified and experienced faculty. You will have opportunities to practice your English with native speakers during your everyday life. On top of that, you will receive customized support for international students to help you transition to life at a US university.

What You Will Learn
- Understand US values in an academic setting
- Present spoken and written ideas accurately and effectively in English
- Write research papers with proper use of citations and references
- Read, understand and critically evaluate academic texts
- Understand and use vocabulary common to academic disciplines
- Take useful and accurate notes in academic lectures and presentations

Estimated Academic English Level Based on Test Scores

The table below shows what your estimated level of AE will be if you submit standardized test scores with your application. Students will be tested during Orientation to determine their final AE level placement.

<table>
<thead>
<tr>

<td>80</td>
<td>6.5</td>
<td>175</td>
</tr>
</tbody>
</table>

Guaranteed Level
If you score lower on the placement test than your estimated level based on standardized tests, you are guaranteed to be placed no more than one level lower than your estimated level. If you score higher than your estimated level, you will be placed according to your placement test score.

Our Academic Study Plan Calculator will help you estimate your study plan. Simply add your academic program and English scores and receive an estimated study plan showing your duration of study. [https://estimateus.intostudy.com](https://estimateus.intostudy.com)

STUDY ABROAD WITH ENGLISH

Study Abroad with English combines Academic English and OSU undergraduate classes. You will earn college credits in your field of interest without enrolling in a long-term degree. The program is customized for your English level and academic interest. Courses are available in liberal arts, business, engineering, public policy and the sciences.

Program Overview
Part 1: Academic English
Part 2: Academic English Classes and OSU Classes

Key Program Facts
Each term is 11 weeks
High school diploma required
No English language requirement
Minimum age 16
7 levels of instruction from true beginner to advanced
18 hours of instruction per week

Progression Requirements
Must meet academic entry requirements for desired program

International Year One/Undergraduate Transfer Program 4-Term
Completion of AE Level 9 with C+ or Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Undergraduate Transfer Program 2-Term
Completion of AE Level 5 with C/Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Graduate Pathway 3-Term
Completion of AE Level 5 with C/Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

International Year One/Undergraduate Transfer Program 3-Term
Completion of AE Level 4 with C/Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Undergraduate Transfer Program 1-Term
Completion of AE Level 4 with C/Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Graduate Pathway 2-Term
Completion of AE Level 5 with a C+/Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

International Direct
Completion of AE Level 5 with C/Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Direct Transfer Undergraduate
Completion of AE Level 6 with C+ or Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Direct Entry Graduate
Completion of AE Level 6 with B+ or Pass or higher in all classes
Completion of Level 4 with minimum C/Pass grades in Study Abroad Program or Academic English

Are you an F-1 student? You will need to provide proof of funding in order to get your I-20. Proof of funding is a way a student shows they have sufficient funds usually via a bank or bank statement to live and study full-time in the US for up to one academic year. This is different from the cost of attendance OR a statement of account. The proof of funding amount will not be an amount that is billed to you and is solely for immigration purposes. To find out more about proof of finances for immigration purposes, visit www.intostudy.com/en/osu/costs

All prices are estimated from 2021-22 and are subject to change. Please visit www.intostudy.com/en/osu/costs for exact pricing.

What do students get out of campus housing? Enrich your US university experience by living on campus. See page 6.
