Internships driven by industry
Get hands-on experience with top companies with the support of our Career Development Center. Engineering, technology and business students can also join MECOP, a prestigious paid internship program exclusive to Oregon. Students in MECOP are placed in two six-month-long internships with different affiliated companies, where they earn between $40,000 and $50,000 as a student.

Student spotlight
Alisha – Kazakhstan
BS in Civil Engineering, BS in Sustainability
Through her internship with the prestigious MECOP program, Alisha:
• Connected with professionals
• Earned the salary of a full-time professional
• Worked with top companies in the Pacific Northwest
• Got hands-on workplace experience

“Working with a company and solving real-world problems is just something different. You will never be able to mimic this environment in a classroom.”

Career-building projects
Senior engineering students learn to apply their knowledge practically through a three-term course and dedicated mentoring from experienced professionals. The course culminates with creating a final project presented to the public and industry representatives.

Research and innovation that translates into investments and inventions
OSU invests in student-led startups, helping them build companies, patent inventions and connect with world leaders in industry.

Local research with global outcomes
“The physics of ocean processes can be studied here, but applied elsewhere in the world. There is no difference in the physics, so the process that we study gives us the opportunity to work with anyone in the world.”
Pedro Lomónaco, PhD, OSU civil & construction engineering director
UNDERGRADUATE DEGREE

At OSU, we want you to make the most of your degree. That means getting one-on-one support from the moment you apply to after you graduate. We will help you customize your degree to gain experience, excel in the classroom and stand out when you start your career.

Pre-arrival support
- Accelerated application processing
- Streamlined application without SAT, ACT, or personal essays
- Priority registration to get you the best-fit classes and schedule
- One-on-one support to answer questions and prepare you for travel

On-campus support
- Advisors available every day of the term to help with academic questions
- Trips, activities, health and wellness care, and housing support
- Additional tutoring tailored for international students

Internships and Optional Practice Training (OPT)
- Customizable internships for every major, so you can gain work experience, make industry connections and begin your career with confidence
- One-on-one OPT advisors that work with you to secure employment in the US after graduation
- 70+ STEM programs with a 2-year OPT extension
- Professional clubs that compete nationally for awards and accolades to help you build your résumé
- Thousands of opportunities to join OSU professors’ field-leading research teams

Housing and dining

Living in the heart of Corvallis
Living on campus gives you convenient access to classes, the library, dining halls and the recreation center, while living among American students in a diverse and welcoming community. All on-campus housing options include a meal plan.

Living-Learning Communities
Living-Learning Communities (LLCs) are academic programs that partner with residential communities on campus. In addition to living among students in the same major, college, academic focus or program, we hold events in your community that are related to your area of interest.

Living on campus
Live-on requirement: All first-year undergraduate students who enroll at OSU within one year of high school graduation must live on campus. Students more than one year past high school graduation are not required to live on campus but may choose to do so.

For more information on this policy, including available exemptions, visit studentlife.oregonstate.edu/first-year-experience-live-policy

Living in OREGON

Expand your horizons in Corvallis
- Free tickets to Division 1 sporting events
- Free public transportation
- Bike friendly
- Vibrant downtown
- Consistently ranked as one of the top college towns in the US

Experience Oregon
- No sales tax
- Filled with mountains, hiking trails, forests and rivers
- Silicon Forest: home to high-tech companies
- Portland, Oregon listed as one of Time Magazine’s 2022 World’s Greatest Places

Explore the OSU-Cascades campus
- Additional campus in Bend, OR, a nationally recognized technology and recreation hub for the US
- 30+ undergraduate degrees, minors and options, including two campus-specific majors and specialized internship opportunities
- 100% job placement for computer science graduates

Travel times by car from Corvallis
- 45 minutes to the Pacific Ocean
- 90 minutes to Portland
- 5 minutes to HP Research Campus

Bedroom types
- Single room: 1 student per bedroom
- Double room: 2 students per bedroom
- Triple room: 3 students per bedroom

Bathroom types
- Private: Bathroom for 1 bedroom (1-2 people)
- Shared: Bathroom for multiple bedrooms
- Suite-style: Bathroom for 2-3 bedrooms (2-6 people)
Computer science
- Get your degree in one of the fastest growing fields
- Specialize in a variety of different paths – analyze medical data, create robots, craft AI, mine web traffic, combat cybercrime and much more
- OSU produces more computer science graduates than any other university in the US, which means more specialization, better industry connections and international recognition

Business analytics
- Prepare to join a rapidly growing, data-driven field
- Study digital marketing, human resources, international business and market research
- Learn through hands-on experience and graduate with strong technical skills

Student spotlight:
Nikhil – India and Kenya
Mechanical and manufacturing engineering double major
Class of 2022

"The facilities at OSU have helped me get hands on experience with a lot of machines such as lathes, mills, 3D printers, laser cutters. And my involvement in the current job I have as a mechanical engineer has helped me develop the practical skills I learned in class."

Electrical and computer engineering
- Choose your focus area, including computer systems and networking, energy systems and robotics
- Find solutions to real-world problems and participate in research projects for industry and government
- Take part in one of nation's top robotics program and stay on the cutting edge of research at the Collaborative Robotics and Intelligent Systems Institute

Robotic mobility
Imagine if robots had legs and could walk on the same terrain as people. Agility Robotics, a company first developed at OSU, is leading the world in developing bipedal robots. Advanced mobility could change the future by enabling shipping to be more automated and opening up new possibilities in manufacturing, production and rescue services.

U.S. News & World Report 2022 rankings:
#47 Industrial Engineering
#50 Civil Engineering
#60 Electrical/Electronic/Communications Engineering
#63 Computer Science
#73 Best Engineering Schools

$300,000+
OPT estimated earnings over three years at $100,000/year

$100,000
average starting salary after graduation

The West Coast’s most valuable ENGINEERING DEGREE
engineering.oregonstate.edu/future-students/graduate

West Coast career connections

"I got a full-time offering in a Big Four company with a decent salary, and I think that’s going to support me a lot. I start strong and now I can end strong at OSU."

Snowy, Vietnam
BS in Accounting

Undergraduate Admissions

We offer several routes to admission. With more than 200 bachelor’s degrees, flexible study plans and start dates throughout the year, we will help you find the option that is right for you.

There is no need to stress about where you start; just focus on where you’re going. We don’t design our programs for one type of student; our programs are built for everyone. Where you begin depends on your grades and English level. Where you end up is where you want to be: graduating with a bachelor’s degree from Oregon State University.

Undergraduate first-year students (UG first-year): Oregon State University (OSU) offers entry to all 20+ undergraduate degrees and provides the support and services international students need to be successful in their first year. This means you are issued a degree-seeking I-20 and receive the highest level of services including pre-arrival support, 24/7 airport pickup, priority class registration and schedule customization, and international-student-specific tutoring. For more information, visit admissions.oregonstate.edu/international/programs/undergraduate-degree-programs/first-year-freshman.

International Year One (IYO): International Year One allows you to begin earning credits toward your degree even if you do not meet the academic and English requirements for undergraduate entry. You will receive additional academic, English language and cultural support to help you successfully complete your first year and graduate in the same amount of time as students entering the first year of the OSU undergraduate degree directly. For more information, visit www.intostudy.com/osu/programs.

Academic English Language Program: If you do not meet the undergraduate language requirements, you can enter our Academic English program to improve your academic and language skills. Once you have achieved the required level, you can progress to International Year One or enter your degree program directly. Learn more on page 20.

Undergraduate Degree Program

High performing students with GPAs over 3.75 are invited to join the Honors College. Graduates from the Honors College will earn OSU’s most prestigious undergraduate degree, the Honors Baccalaureate degree. For more information, visit https://honors.oregonstate.edu.

The Honors College (HC) is a small degree-granting college at Oregon State University. There are approximately 1,600 students enrolled working toward a BS degree and 200 students enrolled working toward an Honors Baccalaureate degree in their academic major. The HC offers small classes, a residence hall option, student learning centers and personal advising with the research and involvement opportunities of OSU.

We provide access to over 200 bachelor’s degrees, flexible study plans and start dates throughout the year, we will help you find the option that is right for you.

For more information about OSU Undergraduate Programs, scan to visit our website.
Undergraduate Transfer Program

Have you earned credits from another college or university and want to transfer to a US university? You can transfer directly into Oregon State University or choose our Undergraduate Transfer Program (UTP), which is specifically designed to support international students through the process of transferring.

Why Choose UTP?
Choosing UTP provides a customized path to your bachelor’s degree. Before your program starts, Oregon State University will provide you with an estimate of credits that will transfer to the university. Once you arrive on campus, our friendly staff will be available to help you transition into the US university. You will also have access to helpful resources, including academic, English language, and cultural support. If you do not meet the English language requirements for the UTP, you can enter our Academic English program before progressing to either the UTP or direct transfer to Oregon State University.

UTP Benefits:
• Transfer of credits from your college or university level classes
• Receive customized curriculum of university credit-bearing courses
• Quick turnaround time for offer (5-7 business days)
• Unconditional Pre-arrival Credit Evaluation (15 additional business days after receiving offer letter)
• Guaranteed progression to any undergraduate program upon successful completion of your UTP
• Academic advising throughout the program, including progression and student success advisors

Graduate Admissions

OSU offers more than 100 graduate programs, many of which are ranked among the top in the nation. There are several different paths to begin earning your degree.

How you start your program depends on your academic profile and your English level. How you finish your program is exactly how you pictured graduating with a master’s or PhD from OSU.

Direct Entry: If you meet the academic and English language requirements for your degree program, you can apply directly to OSU.

To apply, you may need the following required documents: declarations, university transcripts, proof of degree, accounting of time, passport and English test score. An application fee may also apply. The graduate admissions process is competitive, and an extensive review of your application will be done. Please expect a longer turnaround for an admissions decision. For more information, visit gradschool.oregonstate.edu/admissions/after-you-apply.

Master’s International Direct: Our Master’s International Direct route gives you direct access into your degree program with additional support in the first term. The admissions process is non-competitive, it has no application fees and does not require additional test scores. More information on the following pages.

Graduate Pathway: Our Graduate Pathways allow you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. The program will help build the academic foundation and essential English language skills you need to succeed in your master’s degree. View program-specific entry requirements at www.intostudy.com/osu/programs.

Academic English Language Program: If you do not meet the direct or Graduate Pathway program entry requirements, you can enter our Academic English program to improve your academic and language skills. Once you have achieved the required language level, you can progress to a Graduate Pathway program or enter your degree program directly. Learn more on page 20.

The INTO Oregon State University advantage

INTO OSU is one of the oldest and most integrated programs of its type in the US. OSU’s commitment to international education is evident in the purpose-built, five-story International Living-Learning Center. The center is a vibrant global hub of student life and educational activity which also houses the INTO OSU Center.

INTO OSU provides services such as:
- Personalized academic, language and cultural support
- Targeted tutoring and self-study learning support resources
- Your own academic success and personal advisor
- Comprehensive orientation with free airport pickup
- English Conversation Partner Program
- Social events and trips around Oregon
- 100+ INTO OSU and OSU staff and teachers to support students

Master’s International Direct (MID)

Here to support you through a journey of success. At OSU, we’ve been leading the way for international student support and success in the US. Throughout the years, we’ve helped international students grow to become leaders in their social and academic communities as they gather the experiences that build their futures.

With Master’s International Direct, you are entering directly into an OSU graduate program. From selecting and registering for the right academic courses to accessing jobs, internships and other opportunities through our on-campus resources—we will be there for you every step of the way. You will be working with world-class faculty to create your best work while gaining the customized support to carry you through the international student journey. MID gives you the opportunity to prepare for your future career, building connections with friends and faculty.

International academic advising

From the day you confirm, your advisors will support you with early registration, making sure you have access to the course options to achieve your personal goals. They will work closely with you throughout your first term to help you adapt to a new educational environment and keep you on track for an on-time graduation.

Comprehensive international support

From your first days, we provide pre-arrival advice, arrival support and acclimation orientations after arrival. Once you’re on campus, the support doesn’t end. You will have access to cultural assistance and community building experiences to help you integrate on campus and build connections with friends and faculty.

MID Programs

(1) Estimated credits remaining after Pathway. Total credits hours needed to complete degree.

### Environmental Engineering
- **Term 1 (MID)**: Fall 2023
- **Credits**: 3.0
- **GPA**: 2.0
- **Duislingo**: 6.5 (5.5 subscore)
- **Pathway**: Master's International Direct

#### Entry Requirements
- Undergraduate degree in relevant discipline
- Full year of college level Math
- Full year of Physics
- Full year of Chemistry
- 3.0 overall GPA
- Undergraduate degree in relevant discipline
- Completion of following courses with a grade equivalent to a 3.0 in each individual course:
  - CHEM 250A: Analytical Chemistry
  - ENGR 260: Engineering Analysis
  - ENGR 261: Engineering Analysis
  - ENGR 262: Engineering Analysis

#### Additional Information

- Please speak with your Academic Advisor to learn more about the availability of courses in your chosen program.
- Note: Entry requirements are subject to change and may vary by program.

[96% PASSED] 86% students successfully completed the pathway program and qualified for admission as degree-seeking students. Of those students, 96% enrolled at Oregon State University.

---

**INTO OSU success**

Undergraduate and Graduate Programs: Fall 2023 to 2024

**96%** ENROLLED

**86%** passed
### Graduate Pathway Programs

**Entry and progression requirements are subject to change and may vary by program.**

*Degrees may be looking for specific prerequisite courses in determining relevant undergraduate degree for admissibility to the Graduate Pathway Program.*

*Estimated credits remaining after Pathway/Total credit hours needed to complete degree.*

For English language tests, please see entry requirements table on page 1.3.

---

Entry and progression requirements are subject to change and may vary by program.

*Degrees may be looking for specific prerequisite courses in determining relevant undergraduate degree for admissibility to the Graduate Pathway Program.*
Academic English

Our Academic English program prepares you for a university degree by improving your English language skills and providing you with the academic tools you need to succeed. Students like you will learn English in and out of the classroom and you will be taught by our qualified and experienced faculty. You will have opportunities to practice your English with native speakers during your everyday life. On top of that, you will receive customized support for international students to help you transition to life at a US university.

What You Will Learn

- Understand US values in an academic setting
- Present spoken and written ideas accurately and effectively in English
- Write research papers with proper use of citations and references
- Read, understand and critically evaluate academic texts
- Understand and use vocabulary common to academic disciplines
- Take useful and accurate notes in academic lectures and presentations

Estimated Academic English Level Based on Test Scores

The table below shows what your estimated level of AE will be if you submit standardized test scores with your application. Students will be tested during orientation to determine their final AE level placement.

<table>
<thead>
<tr>
<th>Estimated AE Level</th>
<th>TOEFL iBT</th>
<th>IELTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>32-44</td>
<td>3.5-4.0</td>
</tr>
<tr>
<td>3</td>
<td>45-59</td>
<td>4.5-5.0</td>
</tr>
<tr>
<td>4</td>
<td>60</td>
<td>5.5</td>
</tr>
<tr>
<td>5</td>
<td>70</td>
<td>6.0</td>
</tr>
<tr>
<td>6</td>
<td>80</td>
<td>6.5</td>
</tr>
</tbody>
</table>

Guaranteed Level

If you score lower on the placement test than your estimated level based on standardized tests, you are guaranteed to be placed no more than one level lower than your estimated level. If you score higher than your estimated level, you will be placed according to your placement test score.

Academic Study Plan Calculator

Our Academic Study Plan Calculator will help you estimate your study plan. Simply add your academic program and English scores and receive an estimated study plan showing your duration of study.

Study Abroad with English (SAWE)

Study Abroad with English combines Academic English and OSU undergraduate classes. You will earn college credits in your field of interest without enrolling in a long-term degree. The program is customized for your English level and academic interest. Courses are available in liberal arts, business, engineering, public policy and the sciences.

Key Program Facts

- Each term is 11 weeks
- High school diploma required
- No English language requirement; students assessed and placed upon arrival
- Minimum age 16
- 7 levels of instruction from true beginner to advanced
- 18 hours of instruction per week

Progression Requirements

Must meet academic entry requirements for desired program:

Invest in your degree. Invest in your future. Invest in you.

With a strong foundation and on-the-job experiences, your education can determine how far you go in your career. Based on your program, you will receive the level of support that corresponds to your academic profile, English language skills and budget.

Whether you’re enrolled as an undergraduate first-year student or in our International Year One and Graduate Pathway programs, Undergraduate Transfer Program, Academic English or Master’s International Direct programs, you will have access to our Pre-arrival Success Services and airport pickup when you arrive. You can also enjoy continued housing and meal options during university holidays and breaks.

Programs

OSU offers four terms per year (Fall, Winter, Spring, Summer). Each term is around 11 weeks or three months long.

Undergraduate

Programs include undergraduate first-year students (UG first-year), International Year One (IYO) and Undergraduate Transfer Program (UTP).

- **Program Length**
  - 1 Term
  - 2 Terms
  - 3 Terms

- **Tuition and Fees**
  - UTP
    - $14,210
  - UTP
    - $29,450
  - UG first-year, IYO, UTP
    - $37,000
  - IYO, UTP
    - $44,080

- **Housing and Meals**
  - $4,760
  - $9,520
  - $14,280
  - $19,040

- **Insurance**
  - $1,140
  - $2,380
  - $4,550
  - $5,760

Graduate

Graduate programs include Pathway, Master’s International Direct (MID) and Direct Entry.

- **Program Length**
  - 1 Term
  - 2 Terms
  - 3 Terms
  - 1 Term*
  - 2 Terms
  - 3 Terms

- **Tuition and Fees**
  - Pathway
    - $12,570
    - $25,130
    - $32,850
    - $16,550
    - $33,100
    - $43,170
  - Pathway MBA and MSB
    - $12,570

  - 1 Term
  - $6,130
  - $12,335

- **Housing and Meals**
  - $4,760
  - $4,760

- **Insurance**
  - $1,140
  - $1,140

Campus housing

Undergraduate, Graduate and Academic English

- **Triple suite-style rooms:** $4,760

- **Floor Plan:**
  - 20% off at all on-campus dining locations
  - Wi-Fi and all other utilities
  - Housing during breaks and holidays
  - 20% off at all on-campus dining locations

- **$950 meal plan per term**

Scholarships

Undergraduate, Graduate or International Direct (MID) and Direct Entry

- **Scholarships Name**
  - Provost’s Scholarship
  - $6,000 per year ($24,000 total)
  - Up to 4 years ( renewable)
  - $2,000 per year
  - $1,000 per year ($6,000 total)

- **Duration**
  - One time on the first year/term

- **Eligibility & Learn More**
  - Students must submit an application and be accepted to Oregon State University. Students must maintain a minimum GPA of 3.0 or above.
  - Students must be enrolled full-time in a degree-seeking program.
  - Students must maintain a minimum GPA of 3.0 or above.
  - Students must be enrolled full-time in a degree-seeking program.

On Campus Jobs

As an international student at OSU, you can work up to 20 hours per week in one of the many on-campus jobs in the dining halls, sports facilities, Memorial Union Building and more. Students in Oregon receive at or above minimum wage (approx. $13–$15/hour) and typically earn $8,000–$12,000 per calendar year. This is a great way to learn valuable employment skills and reduce tuition costs.

All scholarships are subject to change.

On-Campus housing prices include the following amenities:

- Bedding, sheets, towels and pillows
- Wi-Fi and all other utilities
- Housing during breaks
- 20% off at all on-campus dining locations
- $950 meal plan per term
